Derrick Sorenson has asked to present to the board. He would like UOVA to join him in his efforts to grow outdoor volleyball through the Venture Outdoors Festival to be held on June 19th. The board votes to support the event, and will work with him to see what this will entail. Traci motions, Darian seconds. A committee will be formed.

Reviewed Profit & Loss for April. Everything looks good. Request for funds: Brittney Bates paid for a tournament in advance and could not attend, is granted a refund after petitioning the board. Lon needs reimbursed \$911.84 for net parts and printing all 07 materials. He has ordered more balls and they will be available upon request for purchase to members only for \$40/each.

It is purposed by Annette to recognize our top point earners each year with something special. For the top Open male and female point earner, and also to the top overall point earner (male and female) we will offer a complimentary entry into our Season Closer in Mesquite. We will mail paper certificates to the 2nd and 3rd place earners from the same categories as well. Sundi motions to accept this plan, and Darian seconds. By next year, we will put in place a system to recognize yearly this accomplishment.

Wendy is presented with a parting gift of a clock plaque to thank her for her 4 years of service to UOVA. She will be leaving the board immediately and moving out of state.

The Board votes to accept Stacy Nisogi and Bob Ward as new UOVA Representatives and they are unanimously voted in.

Lori will make a note on the website that the courts will stay as is for this season. No short courts outside of Open for 2007. Will revisit the issue this winter.
